The resort has 282 elegantly appointed rooms dispersed amongst 5 low rise buildings in a tropical garden setting. More than 80% of guest rooms face the sea with the remainder offering spectacular bay views along the coast line. All standard (Evason) rooms overlook one of the pools and have full sea views.

All rooms have either over sized king or twin beds with duvets rather than the traditional blankets, most with an open style bathroom and all with balconies. All rooms have a large day bed designed as a sitting area during the day and easily made up as a third bed at night.

The Evason Deluxe Rooms feature a unique design with a large king bed placed in the middle of the room in front of an open island style bathroom featuring separate shower and bathtub, plus double vanity basins.

The Evason Duplex Suites have an outdoor bathtub in a private setting surrounded by a lotus pond. An extended walkway on the ground floor of the suite leads to a private Sala complete with outdoor furniture where you can enjoy a private Thai massage or just relax in a private garden setting.
